

## THE OPTA CLUBHOUSE JANUARY 2012 Edition

[www.ontariotrap.com](http://www.ontariotrap.com)

Welcome back to the Clubhouse, it has been a while since we have sent this newsletter out. It is the OPTA Boards intention to send out the Clubhouse Newsletter 4 times each year that being January, April, July and October. We will be mailing out the newsletter to all OPTA members each January with the Registered shoot dates otherwise we will be emailing to all those that have supplied an email address. If you wish to receive the Newsletter please send your email address to Pam Muma at [ppmuma@rogers.com](mailto:ppmuma@rogers.com)

### **President's Corner**

I trust you are all enjoying the post season league shoots and preparing for the upcoming OPTA season! I look forward to seeing all of you at the various league shoots and hope you have a safe and enjoyable winter.

The Board began working on the 2012 Ontario Championships last August with a post mortem of the 2011 Competition. We received many compliments about the shoot, as well as some recommended changes, and we are searching for ways to make it more efficient and appealing to competitors. Hamilton Gun Club was very supportive in doing its best to make the shoot run smoothly and maintain the grounds. The OPTA appreciates the HGC Executives and Members' support in making the competition an enjoyable event.

The Hamilton Gun Club has acquired a school portable which is located on the west side of the grounds. It has been wired and will be cleaned up over the winter. The Ontario championships and other registered shoots will be run from that building using the same layout for classification, squad selection and cashiering as last year since that layout proved to be very efficient. By setting the shoot administration up on the west side, we will be able to minimize the commute between the shooting fields and administration which will help to speed up the shoot-offs. We believe we can finish the shoot-offs well before dusk and will not have to depend on lighting. If weather delays or other uncontrollable delays occur and we need lighting, Hamilton Gun Club has upgraded the lights on the east side and the shoot-offs will be conducted there.

A cause of delay in running the shoot-offs in 2011 and determining the option payouts, was the number and complexity of categories and options. We plan to streamline both for 2012 competition while continuing with those necessary to appropriately recognize the Championship categories and the more popular options among our members.

While many members were enthusiastic about the 2011 shoot, there were issues with some of the events and there are always things that could be improved. The Board has prepared a survey to get a sense for what we should retain, dispose of, or modify. The results of the survey will be used to help us finalize the program as well as improve the shoot. Additionally, the survey is a good opportunity for the Board to get feedback about many elements of the OPTA's activities. There have been several favorable articles about the shoot in various clay target magazines so we believe we are gaining momentum to increase participation.

An important question in the survey is designed to get member reaction to changes in membership fees or shoot fees so we can get a better sense for the options that might be acceptable and what the Association can do to further improve trapshooting in Ontario and accommodate potential decreases in revenue such loss of the grant we currently receive. As we do more work on the budgeting process, I will provide more detail regarding our finances in the next edition of the newsletter.

I will talk a bit later about finances but would like to recognize OPTA members who have or will sponsor awards at the championships. This helps manage finances and improve the quality of awards. Ray Kasmanian was kind enough to support an event in 2011 and Florin and Alicia Marinachi of Learn Trapshooting Canada have offered to provide awards for the New Junior and New Sub-Jr Shooters in 2012. If anyone would like to sponsor an event, just notify one of the directors who will bring it to the Board's attention. But don't wait too long, we would like to make sure sponsors get the appropriate recognition in the 2012 program.

The Ontario Championships is our most significant event but is not our only focus. The 2012, shoot program is almost complete and will be released soon. Additionally, the Ontario teams have been determined, loaded on the website, and are summarized in this newsletter.

With the transition of leadership in 2011, the Board made some changes in the way it manages OPTA member's funds. These changes will improve governance and make our financial activities and procedures more transparent. The amendments to the Constitution and Bylaws (C&B) will be raised at the August 2012 Annual General Meeting (AGM) for membership ratification before being incorporated into the C&B. Briefly, these amendments and the underlying logic are:

- The C&B has been interpreted to allow Board members to audit the financial statements regardless of professional qualifications. This section will be changed so that the Board must cause an audit at least every 3 years by a qualified professional, or earlier if deemed necessary. During the intervening period, the financial statements are to be reviewed annually by an independent qualified professional.
- The C&B states that the Directors and Executives are elected at the AGM. The practice has been to elect the Directors and allow them to elect the Executives. This process will be clarified in the Amendment.
- The C&B allows the Treasure to sign a check on behalf of the OPTA for \$1,000 with no counter-signatures. This will be amended to restrict the Treasurer to write a check for up to \$250 to cover routine expenses. Any amount above that will require an additional signature from an authorized executive so any such check will have two authorizations.

An audit of the Organization's financials was requested when the Treasurer function was transferred in 2011. This audit has identified several issues of concern to the Board so the audit has been expanded to ratify financial records against statements acquired directly from the bank. We are anticipating a report from the accounting firm in the near future and will inform the membership of their findings and our actions.

The OPTA's financial position is sound given its limited sources of revenue and we showed a small net gain in 2011. We receive an annual grant of about \$10,000 which is steadily decreasing and expected to disappear over the next few years as the requirements are increasingly stacked against the shooting sports. If that happens, the interest on the existing GIC's will not be adequate to cover the shortfall between expenses and income and we will see a gradual decline in surplus unless alternative revenue sources are found or expense cuts are made. As a result, the Board is setting up a better approach to managing finances and making Board actions more transparent to members.

To date there has not been a formal budgeting process for the OPTA's financial activities. If we are to be successful in growing the sport, we need a better sense for our projected revenues and expenses so we can focus our efforts on important growth opportunities while ensuring we have the finances to manage our commitments to the membership. The Board is working on a budget process that will enhance the financial management of our affairs.

As you will appreciate, there is a lot of work still to be accomplished to improve trapshooting in Ontario and the Board is working diligently to make it happen.

### **Message from Your ATA Delegate**

Ontario Shooters

There have been a number of recent developments by the ATA Executive Committee that many of you have probably heard about, but for those of you that have not, let me give you a brief overview.

By the time you read this you may have already received a 2 yard reduction in your handicap yardage. By my unofficially tally, there are 254 Ontario shooters, many inactive for years who have/will get yardage reductions in their average was below a predetermined threshold. The purpose of the reduction is to encourage shooters to shoot more and be rewarded with better scores.

As your delegate I have the authority to intervene and override the reduction for any shooter that I believe should not receive one. I have given a lot of thought to this and although I have some concerns about many shooters potentially competing at a yardage below what I consider appropriate, I have decided that to do an "override" for a few shooters would be arbitrary and perhaps unfair. I will therefore not override the reductions given. I remind shooters however that just because you get a reduction offered to you by the ATA does not mean you must take it. You are permitted to decline.

You should be aware of the introduction of three new categories. "Junior gold" covers youths once they are too old for junior. This new category goes to age 24. Lady shooters are divided into Ladies I (under age of 55) and Ladies II (55+). Subveteran covers age 55 to 65 and will be the largest of all categories. While these categories are probably long overdue, it is unfortunate that implementation come mid-season and the delegates (and therefore the shooters we represent) had no advance notice or opportunity to input. Some State associations I have learned appear unwilling to accept or implement the new categories. It will take a while to understand and appreciate all the implications. One issue for our clubs is the delegate category pins. My intention is to finish the September 2011 to August 2012 target year off on the basis of 5 categories only and then look at the new target year starting September 1, 2012 as probably incorporating all 8 categories.

And now for the announcement of the delegate team and category delegate teams based on the results of the target year ending August 31, 2011. Congratulations.

#### **Men's Delegate Team**

Co-captains Bert Blackburn and Verne Higgs – 8 pins each  
3<sup>rd</sup> & 4<sup>th</sup> Tie – Paulo Sampaio and John Costa – 6 pins each  
5<sup>th</sup> & 6<sup>th</sup> Tie – Ed Wilmott and Billy Zager – 5 pins each  
7<sup>th</sup> & 8<sup>th</sup> Tie – Llyd Beecroft and Ken Fellows – 4 pins each

9<sup>th</sup> & 10<sup>th</sup> Tie – 7 way tie with three pins each, however, tie is broken as follows:

9<sup>th</sup> place – George Iliopoulos – won an additional competition but could not win a pin as he was “maxed out” at that club (Toronto International)

10<sup>th</sup> place – Neville Henderson – tie broken in his favour as he won 3 competitions outright (no coin toss, etc.) at three different clubs.

Honourable mention goes to the following shooters who also won three pins:

Joe Di Francesco, Don Mattison, Terry Jordan, Nick Kadaris and Doug Kurt.

### **Category Delegate Team**

Captain – Germain Spriet – 12 pins

2<sup>nd</sup> – Warren McLay – 10 pins

3<sup>rd</sup> – George Jonckhere – 6 pins

4<sup>th</sup> & 5<sup>th</sup> Tie – Don Dolbear and Chuck Kreiger – 5 pins each

In total there were 126 pins won by 62 men shooters and 111 pins won by 42 category shooters. The above results were based upon information supplied from club shoot management. Where this resulted and were unresolved by the shooters/shoot management, a coin toss was necessary to determine the winner. Sometimes a category shooter was shown as the winner of an event. That ensured the category shooter got a category pin, but there was sometimes no information as to the high “men’s” shooter and unfortunately, a pin was not therefore assigned. Some shooters “maxed out” at a club, having won two prior pins at the same club in the same event, but there was no record submitted for the “fall back” shooter, which meant again that no pin could be awarded. I exercised my discretion on a few occasions and awarded pins where threshold participation was close, but not quite at the threshold level – this was done particularly in more remote areas where participation is a challenge.

Overall, I was impressed with the level of participation by our shooters and wish to congratulate everyone whether you won a pin or not. Pins earned will be mailed under separate cover to all of those entitled. Please try to ensure that for the current target year you help shoot management resolve any ties and accurately tabulate results.

Good shooting.

Paul Shaw
